

Experience

- ▶ Jim Doyle is the President of At Trial, Inc., a litigation services company that supports attorneys in preparing and conducting complex litigation and patent trials.
- ▶ Retained as a trial technology consultant for over 100 engagements - trials, hearings, arbitrations, mediations, ITC investigations, Markman hearings – Jim has the courtroom and trial team experience sought by law firms engaged in complex litigation throughout the country.
- ▶ Based on his extensive experience in the complex litigation services business, Jim understands the pressures on law firms and attorneys in preparing and conducting complex litigation and patent trials.
- ▶ As a trial tech, Jim helps attorneys integrate and present their exhibits: documents, photos, graphics, physical evidence, videos and animations. At any point during the trial - during opening statements, closing arguments and witness examinations - attorneys can present any exhibit by requesting for it. The result is a case presented clearly, convincingly and seamlessly.
- ▶ Jim knows the responsibility of “hot-seating” a trial and working with numerous trial team members to ensure that courtroom presentations go according to plan.
- ▶ On behalf of clients, Jim has supported attorneys in matters across the country – California, Illinois, Michigan, Texas, Missouri, Florida, Georgia, DC, Delaware, Pennsylvania, New Jersey, New York and throughout New England.
- ▶ Jim routinely works with court personnel - judges, clerks and court officers - to make all the arrangements to outfit courtrooms with the visual and audio equipment.
- ▶ Jim Doyle has been working with lawyers and law firms for 22 years. Since 2003, Jim has found two litigation and trial support companies and assisted numerous others on a subcontracting basis. Prior to his work as a trial tech, Jim served as a complex litigation paralegal for six years, handling all phases of trial preparation and supporting on many trial teams. Following his work as a paralegal, he provided client development and marketing services to law firms.
- ▶ He earned his degree from Boston College majoring in Business Administration.
